

MIRACLEAR POOL CLARIFIER

Sparkling clear pool water

Amazing. Impactful. Easy.

Nothing is more inviting on a hot day than clear blue pool water with the illusion of dancing diamonds, sparkling in the sun. THAT is the clear you will get with Lo-Chlor Miraclear; available in two concentrated, easy-application methods.

- **Non-toxic**
- **Non-irritating**
- **Biodegradable**
- **Use less chlorine**
- **Boosts filter efficiency**
- **Will not affect pool chemistry**
- **'Polishes' pool water to a sparkle**
- **Compatible with all pool surfaces**

MIRACLEAR GEL

In this unique Gel-Cap formulation, Lo-Chlor Miraclear works for 30 days to keep pool water clear and sparkling. Miraclear Gel-Cap removes stain-causing metals and particles too small to be otherwise filtered. Gel-cap dissolves in 72 hours in the pump basket and remains active in pool water for a full 30 days!

MIRACLEAR BLUE

In this easy-to-use, concentrated deep blue liquid formula, Lo-Chlor Miraclear Blue is a full 20% stronger than other major brands' comparable products. Carries microscopic particles that cause cloudy water to the filter for removal. Leaves water polished to a sparkling shine. This highly concentrated formula requires only 4 oz. to clarify 12,000 gallons of pool water.
